Month of August 1957

### A. Summary of Cartographic Production and Accomplishments

1. During August the Cartography Division accepted requests for 86 maps and charts, 74 for CIA and 12 for the Department of State. Of the total for the Agency, 55 were requested by ORR, 10 for CIA contribution to NIS, 4 for OCI, 2 for ONE, and 3 for DD/S. Of the 12 requested from the Department of State, 8 were for NIS. During the same period, the Division completed 97 maps and charts, of which 9 were for the Department of State. During the month 60% of the completions represented work on the USSR and Satellites, 20% on the Far East-Western Hemisphere, and 14% on Europe-Africa and the Near East. At the close of the reporting period, 16 items remained in reproduction. Several projects worthy of mention were completed during the month. Two maps of Europe and the Arctic were completed on a crash basis for Mr. Stassen at the London Disarmament Conference. Also a new Geographic Memorandum dealing with the Algerian oil situation was completed. In addition to the above projects two more areas were completed for the UW program.

2. The NIS Map Coordinator received 13 color proofing jobs and 29 final NIS maps from reproduction during July. Four color proofing jobs and 95 for final printing remained in reproduction at the close of the month. The unusually large number of final maps in reproduction continues again this month.
